

New HTC PDA Driver Install Guide v1.106

Please go to www.houdinisoft.com/downloads

1. Click on HTC PDA Drivers and Install Drivers. Note: Notice Screenshots within installation
2. Plug in the handset and follow any pre-flash steps provided on the Houdini Helpdesk.
3. When "Found New Hardware Wizard" prompts you will select "Install from a list or specific location (Advanced)" option.
4. Then you will click browse and look for the following location: "(C:) Local Disk > Program Files > QD > HTC Driver Install". Then select OK.
5. Drivers will install and you will repeat step "3:" For every prompt of the "Found New Hardware Wizard"
6. Drivers are installed and you can now open your Houdini Software and proceed with Detection and Provisioning.
